

Self-Declaration Wooden Materials - Traceability Requirements (EU Timber Regulation no. 995/2010)

JSC Vakarų mediena TORSO confirm that our wooden materials are purchased (100%) from Republic of Estonia.

At all times the origin of the wood is traceable.

The following conditions will be kept:

- The wood is not illegally harvested.
- The wood is not harvested from forests / areas where high conservation value are threatened by management activities.
- The wood is not harvested in violation of traditional and civil rights.
- The wood is not harvested from where genetically modified trees are planted.

Compliance with health protection, safety at work and social affairs, of the declaration of ILO (International Labour Organisation) principles and rights at work, based (1998).

The origin of wood is regularly checked via an internal risk evaluation procedure and confirmed by external audits.
