

PRODUCT WARRANTIES

related to JF exterior doors

Guarantees	Period	Additional information
Form guarantee door blade	5 years	This guarantee covers all door blade construction related defects.
Glass package guarantee	5 years	This guarantee covers glass package related defects, including condensation into the glass.
Factory guarantee	5 years	This guarantee covers any assembly quality related defects.
Colour guarantee	7 years	This is standard guarantee that covers embrittlement, flaking or cracking of the coating system due to a coating manufacturing fault.

Warranty period may differ from the referred index, depended on the practically product using conditions, for more information see "PRODUCT DESCRIPTION"

Product warranty time shall begin 3 months after date of delivery from the factory in Palanga.

In addition to above, Supplier's warranties include that each country's national consumer laws, rules and regulations shall apply when relevant. This is applicable only for sales to Denmark.

If the goods are intended for contract works that are to be subject to final inspection or otherwise handed over, the period of liability and the guarantee period will be calculated from the date when the contract works are approved.

Seller's liabilities for defects are defined and governed by relevant articles in ABM 07.

For more information regarding product packing, storage, maintenance, product warranty validity terms, product quality complaint instruction, see additional list "PRODUCT DESCRIPTION"
